High Performance Tools Educators Need To Succeed

ATI Nursing Education is what nurse educators need to do their jobs and do them really well. As the nation's preeminent e-learning provider, ATI offers programs that are instrumental in improving faculty, student and program outcomes. With our programs, educators have the power to augment curriculum, revamp courses and faculty development, improve student tests outcomes and lower attrition rates.

Our Customer Service Is Better Than Customer Service

Or so we’ve been told. “Awesome.” “Wonderful.” “They go above and beyond.” “My ATI rep fixed a problem that wasn’t even hers to fix.” Those are just a few comments from our clients about our passionate service team. Our programs and tools are renowned, but it’s our people who truly make the difference. And it shows. Right now, we’re working with more than 20,000 nurse educators, 2,100 colleges and universities nationwide and...

Quick Tips for Test Taking
• Avoid reading into the question
  • Read the question carefully and highlight key words
  • Focus on the issue
  • Read the question no more than 2x

• Identify the key words
  • Early or late
  • Best
  • First
  • Initial
  • Most or least likely
  • Most or least appropriate

• Prioritization
  • Trigger words: best, essential, first, highest, immediate
  • ABC’s, sometimes D for Disability
  • Maslow’s Hierarchy of Needs
  • Nursing Process
• Eliminate options with absolute words, these tend to make option incorrect
  • All
  • Always
  • Every
  • Most
  • None
  • Never
  • Only

• Delegating questions
  • Nursing Assistants
    • Stable patients, non-invasive procedures
    • Skin care, ROM, ambulation, grooming, and hygiene
  • LPN
    • Nursing assistant duties + invasive procedures
    • Dressing changes, suctioning, urinary catheterization, administration of PO, subcutaneous, and IM meds
  • RN
    • Assessment, planning care, supervision of personnel, teaching, and IV administration
