

Post-Bacc DNP Women's Health/Nurse Midwifery

The Dual Women's Health/Nurse Midwifery Practitioner with a DNP degree receives advanced preparation in the assessment and management of women's health issues. The practitioner provides primary and reproductive care to women across the life span. In addition, the Nurse Midwife provides holistic health care through the labor and birth process as well as in the postpartum period to essentially healthy women and their newborns. The dual program emphasizes a wellness paradigm and implements a scientific, evidence-based rationale for practice within diverse practice and health care delivery settings

Graduates from the Women's Health/Nurse Midwifery dual program are awarded a Doctor of Nursing Practice (DNP) degree and are prepared for full scope practice as a women's health NP and a certified nurse midwife.

This program course load is 78 credits with 855 clinical hours. The following are the required courses for this program

Core Courses:

Course #	Course Title	Cr. Hrs.	Clinical Hrs.
NURS 5104	Advanced Pathophysiology	3	
NURS 5105	Advanced Clinical Pharmacology	3	
ADHA 5107	Advanced Health Assessment	3	

DNP Core Courses:

Course #	Course Title	Cr. Hrs.	Clinical Hrs.
NURS 6010	Clinical Scholarship	2	
NURS 6060	Clinical Inquiry for Evidence-Based Practice	3	
NURS 6930	Information Technology for Evidence-Based Practice	3	
NURS 6880	Leadership for the Doctor of Nursing Practice	3
