Credits may be granted for equivalent general education and science requirements taken at an accredited institution of higher learning provided grades of "C" or better are earned.

All nursing courses (705) require a minimum grade of "C+" in order to achieve a satisfactory passing grade.

All non-nursing prerequisite or supporting science courses require a minimum grade of "C" in order to achieve a satisfactory passing grade.

* Required of all first year students

** Or equivalent descriptive and inferential statistics course

¹ The Curriculum for the nursing program on each of the Newark and New Brunswick campus is identical however course names and numbers may differ slightly.

² Anatomy & Physiology requires special permission from the Biological Sciences Department for non-School of Nursing students.

³ The prerequisite for Statistics is pre-calculus. School of Nursing students (only) are eligible to have the prerequisite waived.
