* An accelerated timeline can be negotiated if feasible for NIH & AHRQ research grants

* An accelerated timeline can be negotiated for other funding mechanism

Budget Development: Preparing a List of Expected Costs

For the initial budget consultation, please provide the following information, which you will have the opportunity to update at a later time.

Category	Requested Information	Comments
Personnel	<p>For each salaried faculty/staff member, provide:</p> <ul style="list-style-type: none"> • Role • Expected effort (%) • School/unit, if not SON <p>For students:</p> <ul style="list-style-type: none"> • Total number • Whether any will be Graduate Assistants (GAs), which carry tuition and related costs • Number of hours or FTEs • Hourly rate (for non-GAs) 	<p>No need to include salary details or fringe benefit information.</p> <p>Estimate the actual efforts (even if you plan on charging the grant for less)</p> <p>Do not include salary for non-Rutgers employees. (These expenses are included as consultant or subrecipient costs.)</p>
Supplies	Itemize costs or group by type.	<p>Include all consumable materials, including the cost of animals.</p> <p>General office supplies are usually not allowable as direct costs.</p>
Consultants	Type of consultant, general scope of work, hourly rate, and estimated number of hours, travel expenses.	
Travel	Where, how many people, how many days? Will there be a conference/workshop fee?	
Participant Support	Cost per participant, number of participants, purpose, fiscal incentives.	Specify whether the support is to offset training expenses, incentivize study participants, etc.
Equipment	Itemize.	Durable items expected to last more than a year.
Patient Care	Number of patients, itemized per patient.	
Subrecipient Costs	Provide subtotals for each sub. Describe in a few words what each will do.	
Other		Don't include overhead; that will be added by staff.
