THE STATE UNIVERSITY
OF NEW JERSEY

Who are we?

- The **Office of Clinical Clearance** is responsible for the process, policy and procedures required for all School of Nursing students engaged in the clinical experience.

Specifically we:

- Verify that all student clinical requirements are completed and comply with the regulations set forth by the contracted clinical sites
- Initiate contracts and required paperwork necessary for the clinical experience.
- Oversee the clinical placement process for the graduate, RN to BS and School Nurse Certificate programs.
- Notification of student compliance status to program directors when necessary

Clinical Deadline -

- For the protection of yourself and the patients, there are a number of requirements to be completed prior to being cleared to participate in your clinicals. Each semester has a **Final Clearance Date** by which all requirements must be completed.

Clinical Clearance Deadline – ASAP!!

- If you do not have all of your requirements completed by this date, you will not be eligible to participate until the next time the course is offered. Since many courses are offered on an annual basis, it is critical that you complete all of your clearance requirements on time

Clinical Clearance Requirements

There are six (6) components to the Clinical Clearance requirement for Undergraduate students:

- **Health/Immunization**

- Annual Physical
- COVID Vaccine
- Flu Vaccination

Student Health Services -
Upload to
Patient Immunization Portal
at <https://patient-rbhs.medicatconnect.com>

- **Background Check**

- **Urine Drug Screening**

- **Student Disclosure Form**

CastleBranch

- **Cardiopulmonary Resuscitation Training**

- (American Heart Association CPR/BLS for Healthcare providers)

- **Student Notification of Program Requirements**

Canvas (upload)

Some requirements may take only a day to complete, while others can take several months and require multiple visits to a physician. It cannot be stressed enough how important it is that students read and understand each requirement and begin completing them long before the final clearance date

Student Notification of Program Requirements Form (upload to Canvas)

- All students are required to complete and sign the **Student Notification of Program Requirements Form**. This form is a contract between the student and the School of Nursing which outlines some the key expectations of the clinical experience (please note that other rules and regulations will be provided throughout the program).

STUDENT NOTIFICATION OF PROGRAM REQUIREMENTS

Directions: Please read and complete this form.

- The student is accountable for all policies and information contained within the **Student Clinical Clearance Guide**.
- Students must review the **Rutgers School of Nursing Catalog**. The catalog serves as a resource for degree and major requirements, as well as academic policies and procedures and may be found online <http://nursing.rutgers.edu/catalog/index.html>
- Student must read School of Nursing Policies and Guidelines which may be found at <http://nursing.rutgers.edu/catalog/index.html> . The Full student Policy index can also be found at <http://nursing.rutgers.edu/policies/index.html>
- CONFIDENTIALITY: All students must keep strictly confidential, and shall not divulge to anyone, the identity of any patient, their medical condition, or their treatment.
- Students who violate patient confidentiality in any format (verbally, email, text, social media, pictures, etc.) will fail the course. Also, the clinical facility reserves the right to terminate any student's clinical experience if the facility's confidentiality (HIPAA) policies are violated. This would result in course failure because course objectives cannot be met without clinical experience.
- PERSONAL HEALTH INSURANCE: Current health insurance is required of all students, and proof of coverage must be provided if the clinical facility requests proof prior to providing patient care. Therefore, students should carry a copy of their insurance card. Your signature on this form signifies that you have read and understand these requirements. Failure to complete and submit this form will result in noncompliance which will impact progression in the nursing program. This form is in effect until the student's graduation.

I attest that I have fully reviewed and understand the information contained in this Student Clinical Clearance Guide and the referenced documents and websites and agree to comply with all stated regulations. As a student at the Rutgers School of Nursing, I understand that failure to comply with the stated regulations could lead to academic and/or disciplinary action(s).

School of Nursing - Student Information

Welcome,

Clinical courses are an exciting and crucial part of the nursing educational process at the Rutgers School of Nursing. For the protection of yourself and patients, there are a number of requirements that need to be completed prior to participation in clinical courses.

- Click on **'Modules'** and the Clinical Clearance Requirements for your degree program will appear. You may also refer to the grid on the syllabus to reference the specific requirements for your program.
- Use the Requirement Checklist to keep track of requirements.
- All students participating in Spring 2020 clinical courses must complete all requirements **immediately**.
- Traditional, Blackwood and Second Degree BS in Nursing students participating in Spring 2020 clinical course must complete all requirements **immediately**.
- This includes the 2019-2020 Flu Vaccination.**
- Starting immediately you will not have a compliant health/immunization status if you are missing the flu vaccination**

If you have questions throughout the process please reach out to the Office of Clinical Clearance at (973) 972-8544 or clinicalclearance@sn.rutgers.edu

Thank you,

Course Syllabus

[Jump to Today](#)

Clinical courses are an exciting and crucial part of your education at Rutgers School of Nursing. For the protection of yourself and the patients, there are a number of requirements that must be completed in order to participate in clinical(s).

- **Traditional (NB/NWK) students** start their clinical experience in the Fall semester of their junior year and continue the experience throughout their senior year. Generally, these students will start the clinical clearance process in the spring semester of their sophomore year (the **semester prior** to the start of the clinical semester).
- **Blackwood Students:** The Blackwood program has a summer admission cycle and the clinical experience starts in Fall semester. Students should start their clinical clearance process upon admission and throughout the summer semester (the **semester prior** to the start of the clinical semester) so that all requirements are completed for the Fall semester clinical experience. All **ongoing students** must maintain a "compliant" clearance status as they matriculate through the program.
- **Second Degree BS in Nursing students:** All incoming Second Degree students must complete their clinical clearance requirements **immediately**. Clinical placements are secured for you prior to the start of every semester and your clearance status must be verified before you are assigned to your clinical site. All **ongoing students** must maintain a "compliant" clearance status as they matriculate through the program.
- **RN to BS in Nursing and School Nurse Certificate Students:** We encourage our students to start the clinical clearance process the **semester prior** to the start of the clinical semester.
- **Graduate Students:** Upon admission graduate students usually have at least two (2) years before they participate in the clinical experience and we encourage our students to start the clinical clearance process the **semester prior** to the start of the clinical semester.
