Rutgers School of Nursing

MISSION:

- The Rutgers School of Nursing’s mission is to educate student; advance the discipline of nursing through research, scholarship and practice; provide service that meets the healthcare needs of diverse populations; and demonstrate local, national and international leadership.

VISION:

- The Rutgers School of Nursing will be a national and global leader in nursing education, research and scholarship, and clinical care contributing to the improvement of health.
Our Goals

- Create synergies that foster an inclusive, dynamic academic environment that supports and develops nurse leaders in education, research, and practice.
- Establish a culture of evidence-based teaching and learning excellence.
- Foster a community of lifelong learners committed to excellence, innovation, and continued professional growth.
- Create opportunities for collaborative, team-based, interprofessional learning.
- Provide personalized consultation services for individuals, groups, programs, and schools related to teaching and learning excellence, interprofessional education, and educational research.
Center for Clinical Learning (CCL)

Mission

- Implement innovative best practices in simulation-based education and health care technologies to promote population health.

Vision

- To be a national center of educational excellence for clinical learning, leadership, interprofessional practice, and research.
