Bassett Healthcare Network is an integrated health care system that provides care and services to people living in an eight county region covering 5,600 square miles in upstate New York. The organization includes five corporately affiliated hospitals, as well as skilled nursing facilities, community and school-based health centers, and health partners in related fields.

Key Benefits:

- Group employed model with competitive salary
- Comprehensive benefit package, including but not limited to medical, dental, CME, transition stipend and paid malpractice insurance

With its abundance of recreational and cultural pleasures, central New York provides a great place to live for both individuals and families. There is a strong feeling of community within this region, which attracts people from all over the country. This vast region offers the best of both worlds. The surrounding areas have an abundance of lakes, streams and mountains that form the Catskill Mountain Range and the Adirondack State Park.

Bassett Medical Center provides equal employment opportunities (EEO) to all employees and applicants for employment without regard to race, color, religion, creed, sex (including pregnancy, childbirth, or related condition), age, national origin or ancestry, citizenship, disability, marital status, sexual orientation, gender identity or expression (including transgender status), or genetic predisposition or carrier status, military or veteran status, familial status, status a victim of domestic violence, or any other status protected by law.
