

## RN to BS in Nursing Program

Rutgers School of Nursing offers an opportunity for graduating associate degree/Diploma nursing students and licensed registered nurses to apply previous nursing, nursing science, and general education credits to earn a Bachelor of Science in Nursing.

Upon admission, transfer of credits is reviewed individually. Associate Degree and Diploma graduate nurses may transfer between 34 and 40 credits for previous nursing coursework. Additionally, students may transfer up to 21 nursing science credits and an additional 33 general education credits to meet program requirements.

### Curriculum Overview

These courses may be transferred or taken any point in the curriculum:

Credits	<b>General Education Courses (33 credits)<sup>c</sup></b>
