

Graduate Nurse Practitioner Residency Program (HMH GNPRP)

About Hackensack Meridian *Health*

Hackensack Meridian *Health* is a leading not-for-profit health care organization that is the largest, most comprehensive and truly integrated health care network in New Jersey, offering a complete range of medical services, innovative research and life-enhancing care.

Hackensack Meridian *Health* comprises 17 hospitals. The network has more than 500 patient care locations throughout the state which include ambulatory care centers, surgery centers, home health services, long-term care and assisted living communities, ambulance services, lifesaving air medical transportation, fitness and wellness centers, rehabilitation centers, urgent care centers and physician practice locations. Hackensack Meridian *Health* has more than 35,000 team members, and 7,000 physicians and is a distinguished leader in health care philanthropy, committed to the health and well-being of the communities it serves.

The network's notable distinctions include having four hospitals among the top in New Jersey by U.S. News and World Report. Other honors include consistently achieving Magnet® recognition for nursing excellence from the American Nurses Credentialing Center and being named to Becker's Healthcare's "150 Top Places to Work in Healthcare/2019" list.

The Hackensack Meridian School of Medicine at Seton Hall University opened in 2018, the first private medical school in New Jersey in more than 50 years, welcomed its second class of 96 students in 2019 to its campus in Nutley and Clifton.

Questions/ More Information

NPResidencyinfo@hackensackmeridian.org

Program Structure

- This is a paid 12-month residency.
- Clinical rotations are supplemented with didactic sessions, Grand Rounds, Journal Club and other learning experiences.
- Didactic sessions weekly with expert content providers provided through Hackensack Meridian *Health* as well as Monmouth University School of Nursing.
- Assigned Clinical Rotations in primary care, behavior/ mental health, urgent care or pediatric sites. Residents are assigned a mentor to act as a resource and provide support as they transition to autonomous nurse practitioners.
- Applicants should have a desire to work in primary care, mental health, FQHCs or other safety settings within underserved communities.
- Upon successful completion of the residency, a certificate of completion is awarded.

Mission statement

The mission of Hackensack Meridian *Health* is to transform health care and be recognized as the leader of positive change, creating highest quality human centered, accessible and affordable health care. In collaboration with Monmouth University School of Nursing we will support transition from novice to confident advanced practice nurses.
